1.3. SOFTWARE LICENSE

- A. Licensor hereby grants to BSRA a nonexclusive, transferable license to use the Software subject to the following terms, conditions, and restrictions:

- (1.) The license granted under this agreement authorizes BSRA to unlimited use of the Software in any machine-readable form on the single central processing unit (hereinafter referred to as "CPU"), or multiple central processing units controlled by a single operating system (together referred to as "CPU") designated by type, serial number, and location as follows:

TYPE:	
SERIAL NO.

- (2.) If the CPU designated in paragraph A. becomes inoperative due to malfunction, preventive maintenance, or engineering changes, Software may be temporarily transferred to a backup CPU until the designated CPU is restored to operative status.
- (3.) The BSRA acknowledges that Licensor considers Software to contain proprietary data and as such BSRA agrees that, during the term of this agreement and for a period of one year following termination of this agreement, to treat Software with the same degree of caution, care, and confidentiality as it treats its own proprietary information and in accordance with the provisions of this agreement, except that such obligations shall not extend to any information or technical data relating to Software which is now available to the general public or which later becomes available to the general public by acts not attributable to BSRA and its employees. All such proprietary data shall be so identified and marked by Licensor at the time it is conveyed to BSRA. Except as may be required for Licensee's own archival purposes, BSRA shall not knowingly make or allow others to make copies or reproductions of the Software in any form without written electronic consent of Licensor.
- (4.) Use of Software shall be limited to work under Licensee's contract (#89303321-CEM-000080) with the Department of Energy (DOE), and any transfers are limited to DOE or successor contractors.

1.4. **ASSIGNMENT**

1.5. **TERMINATION FOR CONVENIENCE OF BSRA**

- A. BSRA may, in its sole discretion, terminate this Agreement by written notice, in whole or in part, when BSRA determines it is in its best interest to do so. In such event, BSRA shall pay to Licensor any fees due under the terms of this Subcontract Agreement for Software licensed up to the date of termination, but shall have no further liability.
- B. Either party may, by written notice to the other party, terminate this Subcontract Agreement in whole or in part without liability therefore if such other party fails to perform in accordance with any provision hereof; provided, however, that in the event of a termination under this paragraph B, the terminating party shall first have given the other party a written notice specifying the failure complained of and thirty (30) days to cure such failure.

If those attempts fail, then the dispute will be mediated by a mutually acceptable mediator chosen by the Parties within thirty (30) days after written electronic notice by one party demanding mediation. Determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government; if there is no applicable Federal Government contract law, the law of the State of South Carolina shall apply in the determination of such issues.

- C. During the pendency of a dispute, the Licensor shall proceed diligently with performance of all terms of this Subcontract Agreement. The Licensor's consent to proceed shall not restrict or otherwise affect the Licensor's right to contest any claim.

- A. For a period of one (1) year following the date of that the Software is first placed into service by BSRA or three (3) years after final payment, whichever first occurs, Licensor will warrant that the Software is free of defects and is fit for the purposes intended by BSRA and the Licensor shall provide BSRA with correction of errors found in the original Software. Such corrections shall be provided at no cost to the Licensee.
- B. If Licensor is called upon by BSRA to undertake error exploration or correction, and such error is found to be caused by BSRA supplied data, modification of Software by BSRA, compiler or operating system characteristics, or any other cause not inherent in the original Software, Licensor may submit a proposal for adjustment in the Agreement price for such services at the Licensor's standard rate then in effect.

Subcontractor may provide access to material or data containing UCNI utilized in the performance of this Agreement only to employees who are citizens of the United States.
- C. The Subcontractor ensures that matter identified as UCNI is protected in accordance with the instructions contained in DOE O 471.1B. 1.11. **LIMITATION OF FUNDS**

Note: This section is applicable only if this license is partially funded.

- A. Of the total price of this License, the sum of [\$] is presently available for payment and allotted to this License. It is anticipated that additional funds will be allocated to the License in accordance with the following schedule until the total price of the License is funded: [insert schedule or Attach]
- B. The Licensor agrees to perform or have performed work on this License up to the point at which, if this License is terminated pursuant to the Termination For Convenience of BSRA section of this License, the total amount payable by BSRA (including amounts payable for licenses and settlement costs) pursuant to the Termination For Convenience of BSRA section would, in the exercise of reasonable judgment by the Licensor, approximate the total amount at the time allotted to the License. The Licensor is not obligated to continue performance of the work beyond that point. BSRA is not obligated in any event to pay or reimburse the Licensor more than the amount from time to time allotted to the License, anything to the contrary in the Termination For Convenience of BSRA section notwithstanding.
- C. Performance of Work
- (1.) It is contemplated that funds presently allotted to this License will cover the work to be performed until [ENTER DATE].
 - (2.) If funds allotted are considered by the Licensor to be inadequate to cover the work to be performed until that date, or an agreed date substituted for it, the Licensor shall notify BSRA in writing when within the next 60 days the work will reach a point at which, if the License is terminated pursuant to the Termination For Convenience of BSRA section of the License, the total amount payable by BSRA (including amounts payable for licenses and settlement costs) pursuant to the Termination For Convenience of BSRA article will approximate seventy-five (75) percent of the total amount then allotted to the License.
 - (a.) The notice shall state the estimated date when the point referred to in subparagraph C (2) of this clause will be reached and the estimated amount of additional funds required to continue performance to the date specified in subparagraph C (1) of this clause, or an agreed date substituted for it.
 - (b.) The Licensor shall, sixty (60) days in advance of the date specified in subparagraph C (1) of this clause, or an agreed date substituted for it, advise BSRA in writing as to the estimated amount of additional funds required for the timely performance of the License for a further period as may be specified in the License or otherwise agreed to by the parties.
 - (3.) If, after the notification referred to in subdivision C (2) of this clause, additional funds are not allotted by the date specified in subparagraph C (2) of this clause, or an agreed date substituted for it, BSRA shall, upon the Licensor's written electronic request, terminate this License on that date or on the date set forth in the request, whichever is later, pursuant to the Termination For Convenience of BSRA section.
- D. When additional funds are allotted from time to time for continued performance of the work under this License, the parties shall agree on the applicable period of Agreement performance to be covered by these funds. The provisions of paragraphs B and C of this clause shall apply to these additional allotted funds and the substituted date pertaining to them, and the Subcontract Agreement shall be modified accordingly.
- E. If, solely by reason of BSRA's failure to allot additional funds in amounts sufficient for the timely performance of this License, the Licensor incurs additional costs or is delayed in the performance of the work under this License, and if additional funds are allotted, an equitable adjustment shall be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the work to be performed.
- F. BSRA may at any time before termination, and, with the consent of the Licensor, after notice of termination, allot additional funds for this License.
- G. The provisions of this clause with respect to termination shall in no way be deemed to limit the rights of BSRA under the default section of this License. This clause shall become inoperative upon the allotment of funds for the total price of the work under this License except for rights and obligations then existing under this clause.

H. Nothing in this clause shall affect the right of BSRA to terminate this License pursuant to the Termination for Convenience of BSRA section of the License.

1.12. **PAYMENT BY ELECTRONIC FUNDS TRANSFER**

A. Methods of Payment

- (1.) All payments by BSRA under this Subcontract Agreement shall be made by Electronic Funds Transfer (“EFT”) except as provided in paragraph A.2 of this Article. As used in this Section, the term “EFT” refers to the funds transfer and may also include the payment information transfer.

B. Mandatory Submission of Licensor’s EFT Information

- (1.) Licensor is required to provide BSRA with the information required to make payment by EFT. Licensor shall provide this information directly to the office designated in this Subcontract Agreement, on forms provided by BSRA, no later than fifteen (15) days after award. - (2.) If the EFT information changes after submission of correct EFT information, BSRA shall begin using the changed EFT information no later than 30 days after its receipt by the designated office. - F. Liability for Uncompleted or Erroneous Transfers
- (1.) If an uncompleted or erroneous transfer occurs because BSRA used the Licensor's EFT information incorrectly, BSRA remains responsible for –
 - (a.) Making a correct payment; and
 - (b.) Recovering any erroneously directed funds
 - (2.) If an uncompleted or erroneous transfer occurs because Licensor's EFT information was incorrect, or was revised within thirty (30) days of BSRA release of the EFT payment transaction instructions to the bank, and –

BSRA hereby expressly objects to any terms and conditions contained in any acknowledgment of this Subcontract Agreement that are different from or in addition to those mentioned in this document. Failure of BSRA to enforce any of the provisions of this Subcontract Agreement shall not be construed as evidence to interpret the requirements of this Subcontract Agreement, nor a waiver of any requirement, nor of the right of BSRA to enforce each and every provision. - B. When the use of subtier subcontractors is determined to be applicable, the Subcontractor is responsible to flow down the technical and quality requirements deemed applicable for the activities within its defined scope of work, in accordance with referenced codes/standards/material specifications, or other requirements identified within the procurement documents included with this Subcontract Agreement package. The Subcontractor is furthermore responsible to flow down all applicable terms and conditions, including clauses, sections and articles incorporated by reference, to all subtier subcontractors, which includes verification that the subtier subcontractor has been appropriately qualified to perform the activities required to satisfy this procurement. The Subcontractor must maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to BSRA upon request. This flow down is also required at all levels if the subtier subcontractor to the Subcontractor determines it to be necessary to subcontract further its parts of this Subcontract Agreement.
- C. 1.14. **CONTRACTOR REQUIREMENTS DOCUMENT DOE O 221.1B, REPORTING FRAUD, WASTE AND ABUSE TO THE OFFICE OF INSPECTOR GENERAL**

Regardless of the performer of the work, the Subcontractor is responsible for complying with the requirements of this Contractor Requirements Document (CRD). This flow down applies to subcontracts with a value of \$5.5 million or more and with a period of performance of 120 days or longer.

Subcontractor and its subtier subcontractors must meet the following requirements.

A. GENERAL REQUIREMENTS.

- (1.) Subcontractor, and its subtier subcontractors, must not deter or dissuade employees from notifying an appropriate authority of actual or suspected violations of law, rule or regulation (including criminal acts under Title 18 of the United States Code, Crimes and Criminal Procedure); gross mismanagement; a gross waste of funds; serious threats to environment, safety, and health; and abuse of authority relating to DOE programs, operations, facilities, contracts, or information technology systems. Appropriate authorities include but are not limited to the Office of Inspector General (OIG), a supervisor, an Employee Concerns office, general counsel, security officials, the U.S. Government Accountability Office, outside law enforcement agency such as the Federal Bureau of Investigation (FBI) or State/local police.

- (3.) Individuals who contact the OIG are not required to reveal their identity to the OIG. However, persons who report allegations are encouraged to identify themselves in the event additional questions arise as the OIG evaluates or pursues their allegations. Confidentiality for DOE Federal employees is established by the Inspector General Act of 1978, section 7(b), which prevents the OIG from disclosing the identity of a DOE Federal employee who reports an allegation or provides information, without the individual's consent, unless the OIG determines that disclosure is unavoidable during the course of the investigation. Because of their unique role within DOE, the OIG also applies this provision to DOE facility management contractor employees. All others who report allegations are not automatically entitled to confidentiality. Such individuals may request confidentiality, which will be evaluated on a case-by-case basis.
- (4.) Individuals who contact the OIG are encouraged to provide relevant and specific details of the issue, including the identity of the person, company, or organization alleged to have engaged in wrongdoing; a description of the alleged impropriety; the DOE facility and program affected by the alleged misconduct; Contract/Subcontract numbers; date(s) of alleged wrongdoing; how the complainant is aware of the alleged impropriety; the identity of potential witnesses; and the identity and location of supporting documentation.
- (5.) The following issues are exempt from reporting to the OIG:
 - (a.) Threats of actual or imminent bodily injury or death (such as assault, arson, etc.). However, threats of actual or imminent bodily injury or death must be reported immediately to BSRA, site security, and Federal, State, or local law enforcement authorities in accordance with DOE or local site guidance.
 - (b.) Information about espionage. Information regarding espionage, including approaches made by representatives of other Governments for the commission of espionage or the collection of information, must be reported to the Department's Deputy Director of Counterintelligence and BSRA Counterintelligence.
- (6.) The following issues may be reported to the OIG, but are routinely referred to other appropriate authorities:
 - (a.) Regulatory violations already submitted to or discovered by the Office of Enterprise Assessments;
 - (b.) Professional disagreements of opinion;
 - (c.) Non-compliance with internal office policies and procedures; policy disagreements;
 - (d.) Security infractions;
 - (e.) Employee grievances and disputes among employees;

- (f.) Prohibited personnel practices;
- (g.) Employee performance concerns, and minor conduct issues such as tardiness and other minor leave issues, insubordinate behavior and failure to follow instructions, and discourteous and unprofessional behavior;
- (h.) Failure to pay legitimate debts;
- (i.) Equal employment opportunity complaints (including sexual harassment complaints);
- (j.) Classification appeals (related to both documents and personnel positions);
- (k.) Theft of personal property; and
- (l.) Off-duty conduct that does not involve DOE funds, programs, operations, facilities, subcontracts, or information technology systems.

B. Specific Contractor Requirements

- (1.) In accordance with Federal Acquisition Regulation (FAR) clause 52.203-13, the Contractor/Subcontractor shall timely disclose, in writing, to the OIG whenever, in connection with the award, performance, or closeout of a DOE contract Or any subcontract thereunder, the Subcontractor has credible evidence that a principal, employee, agent, or subtier subcontractor of the Subcontractor has committed:
 - (a.) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the U.S. Code; or
 - (b.) A violation of the civil False Claims Act, found in Title 31 of the U.S. Code.
- (2.) Notify Subcontractor's employees, and its subtier subcontractors' employees, annually of their duty to report actual or suspected violations of law, rule, or regulation outlined above.
- (3.) Prominently display DOE OIG hotline posters within business segments performing work under a DOE Subcontract and at DOE work sites.
- (4.) Subcontractor personnel and its subtier subcontractors' personnel with appropriate authority may gather additional information prior to reporting the matter to the OIG, provided:
 - (a.) relevant information and documents are not altered, destroyed or hidden, and
 - (b.) personnel are not influenced in their recollection of events or discouraged or prohibited from contacting, or cooperating with, the OIG.
- (5.) With the exceptions of traffic violations and thefts of personal property, ensure that criminal allegations or offenses involving DOE funds, programs, operations, facilities, subcontracts, or information technology systems that are reported to an outside law enforcement agency such as the FBI or state/local police are reported to the OIG within 3 business days of making or becoming aware of such a report to ensure timely and appropriate coordination among law enforcement agencies with DOE jurisdiction.
- (6.) Ensure that no nondisclosure policy, directive, form, or agreement is implemented or enforced that restricts Subcontractor's employees, and its subtier subcontractors' employees from reporting information about actual or suspected violations of law, statute, or regulation involving fraud, waste, abuse, misuse, corruption, criminal acts, or mismanagement to the OIG.
- (7.) Ensure that no Subcontractor employee and/or any subtier subcontractor employee with authority takes or threatens to take any action against any Subcontractor employee and/or subtier subcontractor employee as a reprisal for making a whistleblower complaint or disclosing information in support of a whistleblower complaint to a supervisor, management official, the OIG or other appropriate authority.
- (8.) Report to the OIG any credible evidence, including a credible statement from the alleged victim, that reprisal action is being or has been taken, or is threatened to be taken, against a Subcontractor employee and subtier subcontractor employee for making a complaint or disclosing information to a supervisor, management official, the OIG, or other appropriate authority.
