1.2. **GENERAL**

- A. The terms and conditions of these General Provisions and those set forth elsewhere in this Subcontract and documents that may be referenced or incorporated herein apply notwithstanding any different or additional terms and conditions which may be submitted or proposed by Subcontractor, and BSRA expressly objects to and shall not be bound by any such additional or different terms and conditions.
- B. This Subcontract, which term shall be determined to include related plans, drawings, specifications, and other documents, contains the entire agreement and understanding between the parties as to the subject matter of this Subcontract, and merges and supersedes all prior agreements, understandings, commitments, representations, writings, electronic or otherwise, and discussions between them. Neither of the parties will be bound by any prior obligations, conditions, warranties, or representations with respect to the subject matter of this Subcontract. The parties agree that recourse may not be had to alleged prior dealings, usage of trade, course of dealing, or course of performance to explain or supplement the express terms of this Subcontract.
- C. The failure of either party to enforce at any time any of the provisions of this Subcontract or to require at any time performance by the other party of any of such provisions shall in no way be construed to be a waiver of such provision, nor in any way to affect the validity of this Subcontract or any parts thereof, or the right of either party thereafter to enforce each and every provision.
- D. The headings used in this Subcontract are not to be construed as modifying, limiting, or expanding in any way the scope or extent of the provisions in this Subcontract.
- E. All references herein to the Department of Energy Acquisition Regulations (DEAR) or Federal Acquisition Regulations (FAR) are those in effect on the date of this Subcontract.
- F. In the event of an inconsistency between provisions of this Subcontract, the inconsistency shall be resolved by giving precedence as follows:

In case of conflict between any reference standards and codes and any Subcontract document, the latter shall govern.
- H. Subcontractor shall perform all Work pursuant to this Subcontract as an independent contractor. If any part of the Work is subcontracted, Subcontractor is responsible for having that subcontracted Work comply with the terms of this Subcontract. No act or order of BSRA shall be determined to be an exercise of supervision or control of performance hereunder. - I. Subcontractor is required to register and maintain an active (UEI) Unique Entity ID number and a current registration in the System for Award Management (SAM), formerly known as Central Contractor Registration (CCR), in compliance with FAR 52.204-7 and Subpart 42.12 of the FAR.

E. Consent by BSRA to any Subtier Subcontracts shall not constitute a determination (1) of the acceptability of any Subtier Subcontract terms or conditions, (2) of the allowability of any cost under this Subcontract, or (3) to relieve the Subcontractor of any responsibility for performance.

- F. No Subtier Subcontract placed under this Subcontract shall provide for payment on a cost plus-a-percentage-of-cost basis, and any fee payable under cost- reimbursement type Subtier Subcontracts shall not exceed the fee limitations in paragraph 15.404-4(c)(4)(i) of the Federal Acquisition Regulation.

- J. To facilitate small business participation in subcontracting, the Subcontractor agrees to provide progress payments on Subtier Subcontracts under this Subcontract that are fixed-price Subtier Subcontracts with small business concerns in conformity with the standards for customary progress payments stated in FAR 32.502-1 and 32.504(f), as in effect on the date of this Subcontract. The Subcontractor further agrees that the need for such progress payments will not be considered a handicap or adverse factor in the award of Subtier Subcontracts.
- K. BSRA and the Government reserve the right to review the Subcontractor's purchasing system as set forth in FAR subpart 44.3.
- L. When the use of a subtier subcontractor(s) is determined to be necessary, the Subcontractor is responsible to flow down those technical and quality requirements determined to be applicable for the activities within its defined scope of work, in accordance with referenced codes / standards / material Specifications, or other requirements identified within the procurement documents included with this Subcontract package. The Subcontractor is furthermore responsible to flow down all applicable terms and conditions, including clauses and articles incorporated by reference, to all subtier subcontractors which includes verification that the subtier subcontractor has been appropriately qualified to perform the activities required to satisfy this procurement. The Subcontractor must maintain objective evidence of the successful flow down of the referenced requirements and provide such evidence to BSRA upon request. This flow down is also required at all levels if the subtier subcontractor to the Subcontractor determines it to be necessary to further subcontract its parts of this Subcontract.
- M. When NQA-1 is invoked as the governing quality standard, the Subcontractor and applicable subtier subcontractors shall be required to meet the Part 1 Requirements (Sections 100 through 900, as determined to be applicable) as part of the agreement. NQA-1 Part II will be invoked at the discretion of BSRA and will be detailed as part of the agreement, and if invoked, must be flowed down from the Subcontractor to its applicable subtier subcontractors at all levels. If the Subcontractor or its subtier subcontractors intend to upgrade materials by way of a Commercial Grade Dedication Process, BSRA must be notified of this intent and the Subcontractor's process verified and approved prior to dedicating any material associated with a BSRA procurement.

- A. BSRA may unilaterally and at any time, by electronic change order from the BSRA Procurement Department, and without notice to the sureties, if any, make changes, within the general scope of this Subcontract. If any such change causes an

increase or decrease in the cost of, or the time required for, performance of any part of the Work under this Subcontract, and Subcontractor timely requests an equitable adjustment, BSRA shall make an equitable adjustment in the Subcontract price, (1) the time of performance or delivery schedule or both; and (2) other affected terms of this Subcontract, and shall modify this Subcontract accordingly. For any change, whether directed or constructive, Subcontractor must assert any request for equitable adjustment under this Section in writing, together with such supporting information as BSRA may require, electronically and within thirty (30) days from the date of Subcontractor's first knowledge of the change, or Subcontractor's right to assert such request for equitable adjustment shall be waived. Where the cost of property made obsolete or excess as a result of a change is included in Subcontractor's proposal for adjustment, BSRA shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute within the meaning of the Section of this Subcontract titled "Disputes". However, nothing herein shall excuse Subcontractor from proceeding with this Subcontract as changed.

- B. Any changes, extras, or additional work made or performed by Subcontractor without the prior written electronic approval of the BSRA Procurement Department shall be at the sole risk and expense of Subcontractor, there being no financial recourse against BSRA or the Government whatsoever.
- C. Subcontractor shall not substitute other equipment or materials for those specified in this Subcontract, or vary the quantity of the Work, or otherwise make any changes in the Work, without prior written electronic consent of BSRA.
- D. - (3.) Notwithstanding the audit and adjustment of invoices or vouchers under paragraph H of this Section, allowable indirect costs under this Subcontract shall be obtained by applying indirect cost rates established in accordance with paragraph E.
- (4.) Any statements in specifications or other documents incorporated in this Subcontract by reference designating performance of services or furnishing of materials at Subcontractor's expense or at no cost to BSRA shall be disregarded for purposes of cost reimbursement under this Section.

D. Small Business Concerns:

- (1.) A small business concern may be paid more often than every two weeks and may invoice and be paid for recorded costs for items or services purchased directly for this Subcontract, even though the concern has not yet paid for those items or services.

The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this Subcontract. The understanding is incorporated into this Subcontract upon execution.
  - (4.) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the "Disputes" Section.
- F. Billing Rates
  - (1.) Until final annual indirect cost rates are established for any period, BSRA shall reimburse Subcontractor at billing rates approved by the Government or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates-

- I. Final Payment
  - (1.) Subcontractor shall submit a completion invoice, designated as such, promptly upon completion of the Work, but no later than one (1) year (or longer, as BSRA may approve in writing electronically) from the completion date. Upon approval of that invoice, and upon Subcontractor's compliance with all terms of this Subcontract, BSRA shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.
  - (2.) Subcontractor shall pay to BSRA any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by Subcontractor or any assignee under this Subcontract, to the extent that those amounts are properly allocable to costs for which Subcontractor has been reimbursed by BSRA. Reasonable expenses incurred by Subcontractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by BSRA. Before final payment under this Subcontract, Subcontractor, and each assignee whose assignment is in effect at the time of final payment shall execute and deliver-
    - (a.) An assignment to BSRA, in form and substance satisfactory to BSRA, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which Subcontractor has been reimbursed by BSRA under this Subcontract; and

      - (ii.) Claims (including reasonable incidental expenses) based upon liabilities of Subcontractor to third parties arising out of the performance of this Subcontract; provided, that the claims are not known to Subcontractor on the date of the execution of the release, and that Subcontractor gives notice of the claims in writing, electronically, to BSRA within six (6) years following the release date or notice of final payment date, whichever is earlier; and
      - (iii.) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by Subcontractor under the patent clauses of this Subcontract, excluding, however, any expenses arising from Subcontractor's indemnification of BSRA or the Government against patent liability.
- J. Overpayment

A. Method of Payment

- (1.) All payments by BSRA under this Subcontract shall be made by Electronic Funds Transfer (“EFT”) except as provided in paragraph A.(2) of this Article Section. As used in this Section, the term “EFT” refers to the funds transfer and may also include the payment information transfer.

  - (a.) Accept payment by check or some other mutually agreeable method of payment; or
  - (b.) Request BSRA to extend payment due dates until such time as BSRA makes payment by EFT.

B. Mandatory Submission of Subcontractor’s EFT Information.

- (1.) Subcontractor is required to provide BSRA with the information required to make payment by EFT. Subcontractor shall provide this information directly to the office designated in this Subcontract, on forms provided by BSRA, no later than fifteen (15) days after award. If not otherwise specified in this Subcontract, the payment office is the designated office for receipt of Subcontractor’s EFT information. In the event that the EFT information changes, Subcontractor shall be responsible for providing the updated information to the designated office.

C. Mechanisms for EFT Payment

- (1.) BSRA may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System.

D. Suspension of Payment

- (1.) BSRA is not required to make any payment under this Subcontract until after receipt, by the designated office, of the correct EFT payment information from Subcontractor. Until receipt of the correct EFT information, any invoice or subcontract financing request shall be determined not to be a proper invoice for the purpose of payment under this Subcontract.
- (2.) If the EFT information changes after submission of correct EFT information, BSRA shall begin using the changed EFT information no later than thirty (30) days after its receipt by the designated office. However, Subcontractor may request that no further payments be made until the updated EFT information is implemented by the payment office.

E. Payment Information

- (1.) On the day payment on Subcontractor’s invoice is due; BSRA will issue instructions to its bank to transfer payment to Subcontractor, and will also send a FAX to Subcontractor explaining the details to support the payment. Subcontractor shall issue electronically all invoices directly to Accounts Payable via the [ACCOUNTSPAY-BSRA@srii.gov](mailto:ACCOUNTSPAY-BSRA@srii.gov) email account. Subcontractor shall include banking information on each invoice submitted to facilitate proper EFT. The Subcontractor shall include on the invoice the Subcontractor name; invoice date; subcontract/purchase order number; vendor invoice number, account number, and/or any other identifying number agreed to by subcontract; description (including, for example, subcontract line/subline number), unit price and quantity of goods and services rendered per specific line item and line item sub-total cost; subcontract name (where practicable), title and telephone number; other substantiating documentation or information required by the subcontract.

  - (a.) Making a correct payment; and
  - (b.) Recovering any erroneously directed funds.
- (2.) If an uncompleted or erroneous transfer occurs because Subcontractor’s EFT information was incorrect, or was revised within 30 days of BSRA release of the EFT payment transaction instructions to the bank, and –

1.8. **PASSAGE OF TITLE AND LIENS**

- A. Title to the Supplies shall pass to the Government at the place of delivery to BSRA. If purchased F.O.B. "shipping point", delivery to the carrier shall be considered to be delivery to BSRA.
- B. Subcontractor agrees to furnish the Work free and clear of all liens, claims, and encumbrances. In the event that a lien of any nature shall at any time be filed against the Work or Subcontractor or a Subcontractor facility by any person, firm, or corporation which has supplied equipment, material, services or data, Subcontractor agrees promptly, on demand of BSRA and at Subcontractor's expense, to take any and all action necessary to cause any such lien to be released or discharged therefrom. Subcontractor agrees to save BSRA harmless from all liens, claims, or demands in connection with the Work.
- C. Except as otherwise provided in this Subcontract,
- (1.) Subcontractor shall be responsible for the loss or destruction of, or damage to, the Supplies until delivered at the designated delivery point, regardless of the point of inspection;
- (2.) After delivery to BSRA at the designated point and prior to acceptance or rejection by BSRA, Subcontractor shall be responsible for the loss or destruction of or damage to the Supplies unless such loss, destruction, or damage results from negligence of the officers, agents, or employees of BSRA or the Government acting within the scope of their employment; and
- (3.) Subcontractor shall bear all risks as to rejected Supplies after rejection.

1.9. **ASSIGNMENT**

- A. BSRA may assign this Subcontract to the DOE or to such party as DOE may designate to perform BSRA's obligations hereunder. Subcontractor shall not assign or transfer this Subcontract or any interest herein, or claims hereunder, without the prior written electronic consent of BSRA or BSRA's assignee.

1.10. **WORKMANSHIP AND MATERIALS**

- A. The Subcontractor shall not provide material or equipment that contains material that is known to be suspect or counterfeit (see paragraph E below). If the Subcontractor believes that furnishing used or reconditioned supplies or components will be in the Government's interest, the Subcontractor shall so notify the BSRA Procurement Specialist in writing. The Subcontractor's notice shall include a proposal for consideration by BSRA that states the reason for the request to use reconditioned or used supplies or components.
- B. Wherein the specifications items are referred to as "equal to" any particular standard, BSRA shall decide the question of equality.
- C. If required elsewhere in this Subcontract, Subcontractor shall submit for approval samples of, or test results on, any materials proposed to be incorporated in the Work before making any commitment for the purchase of such materials. A counterfeit item is any item that is a copy or substitute without legal right or authority to do so, or one whose material, performance, characteristics or identity does not appear to be authentic and is verified to be either counterfeit or fraudulent or have been

misrepresented.. Failure by the Subcontractor to document material substitution or identify that an item has been refurbished or remanufactured is considered to be fraud, and the item then becomes suspect/counterfeit.

- (2.) If it is determined that a suspect/counterfeit part has been supplied, BSRA will impound the items pending a decision on disposition. The Subcontractor may be required to replace such items with items acceptable to BSRA and shall be liable for all costs relating to the impoundment, removal, and replacement. BSRA may also notify the local Department of Energy Office of Inspector General and reserves the right to withhold payment for the items pending results of the investigation.

1.11. **WARRANTY**

- A. Subcontractor warrants that the Supplies shall be free from defects in material and workmanship, of the most suitable grade of their respective kinds for the purpose, and comply with all requirements set forth in this Subcontract, until one year after confirming supplies are first placed into service by BSRA, or three years after final payment, whichever first occurs. Subcontractor shall correct any nonconformity with this warranty at its sole expense, as directed by BSRA, by promptly: (i) repairing or replacing the nonconforming Supplies specified (and correcting any plans, specifications, or drawings affected); (ii) furnishing BSRA any materials, parts, and instructions necessary to correct or have corrected the nonconformity, or (iii) paying to BSRA a portion of the Subcontract price as is equitable under the circumstances.
- B. Subcontractor shall correct any nonconformity with this warranty at its sole expense, as directed by BSRA, by promptly (i) re-performing the nonconforming Services or (ii) paying to BSRA a portion of the Subcontract price as is equitable under the circumstances.
- C. If Subcontractor fails to perform its obligations promptly under this Section, BSRA may perform, or have performed such obligations and Subcontractor shall pay BSRA all charges occasioned thereby.
- D. The warranty with respect to corrected Supplies or Services shall be subject to the same terms as the warranty provided for in paragraphs A and B of this Section. The warranty for other than corrected or replaced Supplies or Services shall continue until the expiration of such period and a period equal to the time elapsed between the discovery of the nonconformity and its correction.
- E. Unless installation is an element of the Work, Subcontractor shall not be obligated under this Section for the costs of removal or reinstallation of any Supplies furnished or items Serviced hereunder from the location of their installation, or for the costs of removal or reinstallation of structural parts or items not furnished by Subcontractor hereunder. Subcontractor shall in any event bear all packing, packaging, and shipping costs from the place of delivery to the Subcontractor's plant and return to the place of delivery, and shall bear all risk of loss or damage for the items upon which Services have been performed or Supplies while in transit.
- F. Unless decontamination is an element of the Work, in the event that Subcontractor's costs in correcting any nonconformity under this article are increased solely because the Supplies furnished or items Serviced hereunder must be decontaminated to the level specified in the definition of "radiation area" in 10 CFR 20.202, this Subcontract price shall be equitably adjusted to reflect such additional costs after prompt written notification thereof by Subcontractor to BSRA.
- G. The provision of this section shall apply notwithstanding inspection, acceptance, or any other provision of this Subcontract, and shall not limit any other of BSRA's rights and remedies.

This reserve shall not exceed 15% of the total fixed fee, or \$100,000, whichever is less.

1.13. **LIMITATIONS OF FUNDS**

- A. The parties estimate that performance of this Subcontract will not cost BSRA more than the estimated cost specified. The Subcontractor agrees to use its best efforts to perform the Work and all obligations under this Subcontract within the estimated cost.
- B. The Funding Schedule specifies the amount presently available for payment by BSRA and allotted by this Subcontract, the items covered, and the period of performance it is estimated the allotted amount will cover. The parties contemplate that BSRA will allot additional funds incrementally to the Subcontract up to the full estimated cost to BSRA specified in the Funding Schedule, exclusive of any fee. The Subcontractor agrees to perform, or have performed, Work on the Subcontract up to the point at which the total amount paid and payable by BSRA under the contract approximates but does not exceed the total amount actually allotted by BSRA to the Subcontract.
- C. The Subcontractor shall notify BSRA in writing, electronically, whenever it has reason to believe that the costs it expects to incur under this Subcontract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the total amount so far allotted to the Contract by BSRA. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Funding Schedule.
- D. Sixty days before the end of the period specified in the Funding Schedule, the Subcontractor shall notify BSRA in writing, electronically, of the estimated amount of additional funds, if any, required to continue timely performance under the Subcontract or for any further period specified in the Funding Schedule or otherwise agreed upon, and when the funds will be required.
- E. If, after notification, additional funds are not allotted by the end of the period specified in the Funding Schedule or another agreed-upon date, upon the Subcontractor's written electronic request BSRA will terminate this Subcontract on that date in accordance with the provisions of the Termination clause of this Subcontract. If the Subcontractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and BSRA may terminate this Subcontract on that later date.
- F. Except as required by other provisions of this Subcontract, specifically citing and stated to be an exception to this Section –
- (1.) BSRA is not obligated to reimburse the Subcontractor for costs incurred in excess of the total amount allotted by BSRA to this Subcontract; and
  - (2.) Subcontractor is not obligated to continue performance under this Subcontract (including actions under the Termination clause of this Contract) or otherwise incur costs in excess of the amount then allotted to the Subcontract by BSRA until BSRA notifies the Subcontractor in writing that the amount allotted by the Subcontractor has been increased and specifies an increased amount, which shall then constitute the total amount allotted by BSRA to this Subcontract.
- G. The estimated cost shall be increased to the extent that the amount allotted by BSRA, exceeds the estimated cost specified in the Funding Schedule.
- H. No notice, communication, or representation in any form other than that specified in paragraph F (2) above, or from any person other than cognizant BSRA Procurement Specialist, shall affect the amount allotted by BSRA to this Subcontract. In the absence of the specified notice, BSRA is not obligated to reimburse the Subcontractor for any costs in excess of the total amount allotted by BSRA to this Subcontract, whether incurred during the course of the Subcontract or as a result of termination.
- I. When and to the extent that the amount allotted BSRA to the Subcontract is increased, any costs the Subcontractor incurs before the increase that are in excess of the amount previously allotted by BSRA shall be allowable to the same extent as if incurred afterward, unless BSRA issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.
- J. A change order shall not be considered an authorization to exceed the amount allotted by BSRA specified in the Funding Schedule, unless they contain a statement increasing the amount allotted.
- K. Nothing in this Section shall affect the right of BSRA to terminate this Subcontract. If this Subcontract is terminated, BSRA and the Subcontractor shall negotiate an equitable distribution of all property produced or purchased under the Subcontract, based upon the share of costs incurred by each.

- L. If BSRA does not allot sufficient funds to allow completion of the work, the Subcontractor is entitled to a percentage of the fee specified in the Funding Schedule equaling the percentage of completion of the Work contemplated by this Subcontract.

After expiration of the plant clearance period as defined in FAR 45.6, Subcontractor may submit to BSRA, a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by BSRA. Subcontractor may request BSRA to remove those items or enter into an agreement for their storage. Within fifteen (15) days, BSRA will accept the items and remove them or enter into a storage agreement. BSRA may verify the list upon removal of the items, or if stored, within forty-five (45) days from submission of the list, and shall correct the list, as necessary, before final settlement.

- F. After termination, Subcontractor shall submit a final termination settlement proposal to BSRA in the form and with the certification prescribed by BSRA. Subcontractor shall submit the proposal promptly, but no later than one (1) year from the effective date of termination, unless extended in writing, electronically, by BSRA upon written electronic request of Subcontractor within this one (1) year period. However, if BSRA determines the facts justify it, a termination settlement proposal may be received and acted on after one (1) year or any extension. If Subcontractor fails to submit the proposal within the time allowed, BSRA may determine, on the basis of information available, the amount, if any, due Subcontractor because of the termination and shall pay the amount determined.
- G. Subject to paragraph F above, Subcontractor and BSRA may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. This Subcontract shall be amended, and Subcontractor paid the agreed amount.
- H. If Subcontractor and BSRA fail to agree in whole or in part on the amount of costs and/or fee to be paid because of the termination of Work, BSRA shall determine on the basis of information available, the amount, if any, due Subcontractor, and shall pay that amount, which shall include the following:
- (1.) All costs reimbursable under this Subcontract, not previously paid for the performance of this Subcontract before the effective date of the termination, and those costs that may continue for a reasonable time with the approval of or as directed by BSRA; however, Subcontractor shall discontinue those costs as rapidly as practicable.
  - (2.) The cost of settling and paying termination settlement proposals under terminated Subtier Subcontracts that are properly chargeable to the terminated portion of this Subcontract if not included in subparagraph (1) above.
  - (3.) The reasonable costs of settlement of the Work terminated, including—
    - (a.) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
    - (b.) The termination and settlement of Subtier Subcontracts (excluding the amounts of such settlements); and
    - (c.) Storage, transportation, and other costs incurred which are reasonably necessary for the preservation, protection, or disposition of the termination inventory. If the termination is for default, no amounts for the preparation of Subcontractor's termination settlement proposal may be included.
  - (4.) A portion of the fee payable under this Subcontract, determined as follows:
    - (a.) If this Subcontract is terminated for the convenience of BSRA, the settlement shall include a percentage of the fee equal to the percentage of completion of Work contemplated under this Subcontract, but excluding subcontract effort included in Subcontractor's termination proposals, less previous payments for fee;
    - (b.) If this Subcontract is terminated for default, the total fee payable shall be such proportionate part of the fee as the total number of articles (or amount of services) delivered to and accepted by BSRA is to the total number of articles (or amount of services) of a like kind required by this Subcontract.
  - (5.) If the settlement includes only fee, it will be determined under subparagraph H (4) above.
- I. The cost principles and procedures in FAR 31 and DEAR 931.2, in effect on the date of this Subcontract, shall govern all costs claimed, agreed to, or determined under this Section.
- J. Subcontractor shall have the right of appeal, under the "Disputes" Section, from any determination made by BSRA under paragraphs F, H, or L except that if Subcontractor failed to submit the termination settlement proposal within the time provided in paragraph F and failed to request a time extension, there is no right of appeal. If BSRA has made a determination of the amount due under paragraph F, H or L, BSRA shall pay Subcontractor
- (1.) The amount determined by BSRA if there is no right of appeal or if no timely appeal has been taken, or
  - (2.) The amount finally determined on an appeal.

  - (3.) The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by Subcontractor or sold under this Section and not recovered by or credited to BSRA.

- L. Subcontractor and BSRA must agree to any equitable adjustment in fee for the continued portion of this Subcontract when there is a partial termination. BSRA shall amend this Subcontract to reflect the agreement.
- M. BSRA may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by Subcontractor for the terminated portion of this Subcontract, if BSRA believes the total of these payments will not exceed the amount to which Subcontractor will be entitled. If the total payments exceed the amount finally determined to be due, Subcontractor shall repay the excess to BSRA upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by BSRA because of the circumstances.
- N. The provisions of this Section relating to fee are inapplicable if this Subcontract does not include a fee.
- O. If the termination is partial, the Subcontractor may file with BSRA a proposal for an equitable adjustment of the price(s) for the continued portion of the Subcontract. BSRA shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within 90 days from the effective date of termination, unless extended in writing by BSRA.
- P. Unless otherwise provided in this Subcontract or by statute, Subcontractor shall maintain all records and documents relating to the terminated portion of this Subcontract for three (3) years after final settlement. This includes all books and other evidence bearing on Subcontractor's costs and expenses under this Subcontract. Subcontractor shall make these records and documents available to the Government, at Subcontractor's office, at all reasonable times, without any direct charge. If approved by BSRA, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents

- B. The Parties shall attempt to settle any claim or controversy arising from this Subcontract through consultation and negotiations in good faith and a spirit of mutual cooperation. If those attempts fail, then the dispute will be mediated by a mutually acceptable mediator chosen by the Parties within thirty (30) days after written electronic notice by one party demanding mediation. Neither Party may unreasonably withhold consent to the selection of a mediator, and the Parties will share the costs of the mediation equally. Any dispute which cannot be resolved between the Parties through negotiation or mediation shall be resolved by litigation in a court of competent jurisdiction located in the State of South Carolina. Determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government; if there is no applicable Federal Government contract law, the law of the State of South Carolina shall apply in the determination of such issues.
- C. During the pendency of a dispute, the Subcontractor shall proceed diligently with performance of all terms of this Subcontract. The Subcontractor's consent to so proceed shall not restrict or otherwise affect the Subcontractor's right to contest any claim.

- (1.) BSRA will collect oral swab specimens or urine specimens when Subcontractor employees are processed for badging. The specimen collection will be performed at SRS or one of the third party collection facilities contracted by BSRA to perform collections. BSRA will send these specimens to a certified laboratory for testing and verification. The testing process may take up to five (5) days to obtain results. Subcontractor will be notified and shall arrange for an "Exit Conference". The Subcontractor then agrees to promptly remove such individual from the Savannah River Site (SRS) and return the badge to the BSRA Badge Office. Any positive finding will result in denial of site access for twelve (12) months for the Subcontractor employee. In the event of a refusal, the Subcontractor's employee may be terminated for cause and the individual will be refused access to the site.

C. Occurrence testing additionally requires the following:

- (1.) If an injury /illness is the result of an occupational incident that requires recordable medical treatment, as defined by OSHA, then drug and alcohol testing is required. These forms shall be submitted during the badging process.
- (2.) Subcontractor employees will be issued a photo badge and allowed site access on the first reporting day. In the event a Subcontractor employee subsequently fails to successfully complete the background investigation, the Subcontractor agrees to remove promptly such individual from the site and to return the badge to the BSRA Badging Office.

#### 3.1. **SUSTAINABLE ACQUISITION PROGRAM**

- A. Pursuant to Executive Order 13423, Strengthening Federal Environmental, Energy and Transportation Management, and Executive Order 13514, Federal Leadership in Environmental, Energy, and Economic Performance, the Department of Energy (DOE) is committed to managing its facilities in an environmentally preferable and sustainable manner that will promote the natural environment and protect the health and well-being of its Federal employees and subcontractor service providers. In the performance of work under this contract, the subcontractor/supplier shall provide its services in a manner that promotes the natural environment, reduces greenhouse gas emissions and protects the health and well-being of Federal employees, contract service providers and visitors using the facility.
- B. Green purchasing or sustainable acquisition has several interacting initiatives. The Subcontractor must comply with initiatives that are current as of the contract award date. DOE may require compliance with revised initiatives from time to time. The Subcontractor may request an equitable adjustment to the terms of its contract using the procedures in the Changes clause of the contract. The initiatives important to these Executive Orders are explained on the following Government or Industry Internet Sites:
  - (1.) Recycled Content Products are described at <http://epa.gov/cpg>
  - (2.) Biobased Products are described at <http://www.biopreferred.gov/>
  - (3.) Energy efficient products are at <http://energystar.gov/products> for Energy Star products
  - (4.) Energy efficient products are at <http://www.femp.energy.gov/procurement> for FEMP designated products

- (5.) Environmentally preferable and energy efficient electronics including desktop computers, laptops and monitors are at <http://www.epeat.net> the Electronic Products Environment Assessment Tool (EPEAT) the Green Electronics Council site.
  - (6.) Greenhouse gas emission inventories are required, including Scope 3 emissions which include Subcontractor emissions. These are discussed at Section 13 of Executive Order E. 13514 which can be found at <http://www.archives.gov/federalregister/executive-orders/disposition.html>
  - (7.) Non-Ozone Depleting Alternative Products are at <http://www.epa.gov/ozone/strathome.html>
  - (8.) Water efficient plumbing products are at <http://epa.gov/watersense>
- C. The clauses at FAR 52.223-2, Affirmative Procurement of Biobased Products under Service and Construction Contracts, 52.223-15, Energy F. Efficiency in Energy Consuming Products, and 52.223-17 Affirmative Procurement of EPA- Designated Items in Service and Construction Contracts, require the use of products that have biobased content, are energy efficient, or have recycled content. To the extent that the services provided by the Subcontractor require provision of any of the above types of products, the Subcontractor must provide the energy efficient and environmentally sustainable type of product unless that type of product—
- (1.) Is not available;
  - (2.) Is not life cycle cost effective or does not exceed 110% of the price of alternative items if life cycle cost data is unavailable (EPEAT is an example of lifecycle costs that have been analyzed by DOE and found to be acceptable at the silver and gold level);
  - (3.) Does not meet performance needs; or,
  - (4.) Cannot be delivered in time to meet a critical need.
- D. In the performance of this contract, the Subcontractor shall comply with the requirements of Executive Order 13423, Strengthening Federal Environmental, Energy and Transportation Management, (<http://www.epa.gov/greeningepa/practices/eo13423.html>) and Executive Order 13514, Federal Leadership in Environmental, Energy, and Economic Performance (<http://www.archives.gov/federal-register/executiveorders/disposition.html>). The Subcontractor shall also consider the best practices within the DOE Acquisition Guide, Chapter 23, Acquisition Considerations Regarding Federal Leadership in Environmental, Energy, and Economic Performance. This guide includes information concerning recycled content products, biobased products, energy efficient products, water efficient products, alternative fuels and vehicles, non-ozone depleting substances and other environmentally preferable products and services. This guide is available on the Internet at: [http://management.energy.gov/documents/AcqGuid\\_e23pt0Rev1\\_.pdf](http://management.energy.gov/documents/AcqGuid_e23pt0Rev1_.pdf).
- E. In complying with the requirements of paragraph (c) of this clause, the Subcontractor shall coordinate its activities with and submit required reports through the Environmental Sustainability Coordinator or equivalent position. Reporting under this paragraph and paragraphs (f) and (g) of this clause is only required if the Subcontract offers subcontracting opportunities for energy efficient and environmentally sustainable products or services exceeding \$100,000 in any contract year.
- F. The Subcontractor shall prepare and submit performance reports, if required, using prescribed DOE formats, at the end of the Federal fiscal year, on matters related to the acquisition of environmentally preferable and sustainable products and services. This is a material delivery under the Subcontract. Failure to perform this requirement may be considered a failure that endangers performance of this Subcontract and may result in termination for default.
- G. These provisions shall be flowed down only to first tier subcontracts exceeding the simplified acquisition threshold that support operation of the DOE facility and offer significant subcontracting opportunities for energy efficient or environmentally sustainable products or services. The Subcontractor, if subcontracting opportunities for sustainable and environmentally preferable products or services exceed the threshold in paragraph (e) of this clause, will comply with the procedures in paragraphs (c) through (e) of this clause regarding the collection of all data necessary to generate the reports required under paragraphs (c) through (e) of this clause, and submit the reports directly to the BSRA's Environmental Sustainability Coordinator at the supported facility. The Subcontractor will advise the Subcontractor if it is unable to procure energy efficient and environmentally sustainable items and cite which of the reasons in paragraph (c) of this clause apply. The reports may be submitted at the conclusion of the Subcontract term provided that the Subcontract delivery term is not multi-year in nature. If the delivery term is multi-year, the Subcontractor shall report its accomplishments for each Federal fiscal year in a manner and at a time or times acceptable to both parties. Failure to comply with these reporting requirements may be considered a breach of contract with attendant consequences.
- 3.2. **EXECUTIVE ORDER 13423, STRENGTHENING FEDERAL ENVIRONMENTAL, ENERGY, AND TRANSPORTATION MANAGEMENT [OCT 2010]**
- A. Since this contract involves Subcontractor operation of Government-owned facilities and/or motor vehicles, the provisions of Executive Order 13423 are applicable to the Subcontractor to the same extent they would be applicable if the Government

were operating the facilities or motor vehicles. Information on the requirements of the Executive Order may be found at <http://www.archives.gov/federal-register/executive-orders/>.
